All the instructors welcome each new student and pledge to do whatever is necessary to make sure each receives the many life-changing benefits of karate taught in our school. Word of the Month

The word of the month is **Consistent**, which means behaving or practicing the same way all the time. It is especially important to be consistent in karate practice in order to achieve success. Karate students must come to class on a regular basis and give 100% effort every time they practice in class. We will be speaking to the students about the importance of being consistent at home and in school as well. Sensei Schutz is a firm believer in children helping around the house with chores while maintaining a clean bedroom and organized toy collection. He states....“Children should make their beds and clean their rooms EVERY day!” He will be encouraging each student to work on these principles throughout the month.

Father's Day Specials!
